How to Create a Hik-Connect Account Using the iVMS4500 Mobile Software
How to Create a Hik-Connect Account Using the iVMS4500 Mobile Software

• **A Hik-Connect account** is required in order to add a Hikvision device to the iVMS4500 using the Cloud P2P service.

• **A Hik-Connect P2P device**, is a device that is registered to dev.hik-connect.com using the Hik-Connect P2P service.

• **The Hik-Connect P2P service** must be enabled on the NVR, DVR or IP Camera first prior to adding to the iVMS4500 mobile app.

**NOTE:** Please see the how to enable the Hik-Connect P2P service guide for more information how to configure this service on a Hikvision device.
How to Create a Hik-Connect Account Using the iVMS4500 Mobile Software

• You will need to have the iVMS4500 software downloaded and installed on your mobile device.

• You can download the app from Apple’s App Store or the Google Play store, iVMS4500 Lite or iVMS4500.

• You will need a valid email address and access to that email address for verification purposes.

NOTE: The iVMS4500HD for tablets will follow similar instructions. The images and screenshots will vary from this document.
How to Create a Hik-Connect Account Using the iVMS4500 Mobile Software

- To create an account or login, click on the menu icon[1] in the upper left corner of the iVMS4500 App.
How to Create a Hik-Connect Account Using the iVMS4500 Mobile Software
